### All Water Systems in the state received the following notice:

State of Utah  
GARY R. HERBERT  
*Governor*

GREG BELL  
*Lieutenant Governor*

July 2, 2013

Dear Water System Representative,

I invite you to a public meeting for the purpose of discussing a proposed annual fee for water systems throughout the state. On the back side of this paper is a listing of dates, locations & times of the meetings I propose to hold throughout the state.

The attached document lists the proposed fees. At these meeting I will make a brief presentation giving reasons why the fee is needed and be available to answer any question you may have. If you're unable to attend these meeting I invite you to call me at (801) 536-4207, write at the address listed below or email me at: [kbousfield@utah.gov](mailto:kbousfield@utah.gov)

Sincerely,

  
Kenneth H. Bousfield  
Director

### Meeting Schedule Included in letter below:

Tuesday July 16, 2013 between 1:30 — 3:30pm Brigham City City Hall council chamber 20 North Main Street 2 <sup>nd</sup> floor	Friday July 19, 2013 between 1:30 — 3:30pm Salt Lake City Dept of Environmental Quality Board room 195 North 1950 West Room 1015
Monday July 22, 2013 between 1:30 — 3:30pm Cedar City City Hall 10 North Main Street — city council chambers	Tuesday July 23, 2013 between 1:30 — 3:30pm Richfield Richfield City Office 75 East Center — council chamber
Thursday July 25, 2013 between 1:30 — 3:30pm Vernal City hall community room — downstairs 374 East Main Street	Friday July 26, 2013 between 1:30 — 3:30pm Price Southeastern Utah Health Dept 28 South 100 East
Monday July 29, 2013 between 1:30 — 3:30pm Nephi City council chamber 21 East 100 North	Tuesday July 30, 2013 between 1:30 — 3:30pm Monticello City Council Room 17 North 100 East

**Green Waste Is  
Coming To A Curb  
Near You!**

Wasatch Front Waste and Recycling District is pleased to announce a new subscription

curbside green waste program for residents within the District. The program will begin in the spring of 2014. Residents in the District will be able to dispose of all their yard waste and lawn clippings plus fruit and vegetable scraps, coffee grounds, eggshells, and tea bags from the kitchen. The green waste will be taken to either TransJordan or Salt Lake Valley Landfill for composting.

"More and more of our residents are requesting green waste collections," said Wasatch Front Waste Executive Director Pam Roberts. "Our team is excited to offer this important service."

This is a self-sustained service and is not funded by any other fees or tax dollars. Residents are invited to pre-subscribe by sending an email to [green@wastachfrontwaste.org](mailto:green@wastachfrontwaste.org) with their name, address, and phone number; or by calling 385-468-6325. The green waste program is optional and by subscription only for an annual fee of \$115 and a one-time, \$60 start up fee to be paid by October 31, 2013.

- Green waste includes all UNBAGGED lawn and yard trimmings (grass clippings, branches, leaves, garden waste), fruit and vegetable scraps, eggshells, coffee grounds, and tea bags. NO food, oils, fats, grease, paper, or plastic bags.
- Curbside green waste collection will begin in mid-March and end in mid- December (a firm start and end date will be announced).
- Collection is the same day as customers' regular refuse and recycling day.
- Customers will receive a special green waste cart with vents to release moisture.
- Carts will be delivered to homes beginning December 2013.
- The \$60 start up fee allows Wasatch Front Waste to purchase and deliver the carts.

Residents can sign up for the green waste program by sending an email with your name, address, and phone to [green@wasatchfrontwaste.org](mailto:green@wasatchfrontwaste.org), and they can learn more about the program, and all the services the District provides, at [www.wasatchfrontwaste.org](http://www.wasatchfrontwaste.org) or by calling 385-468-6325.

**White City Township Involvement in Purchasing  
White City Water Company**

July 10, 1991 our community council hosted a public Meeting which was moderated by Ken Verdoia from KUED at Eastmont Middle School. We had become privy to the sale of White City Water Company to Sandy City. At the heart of the issue was the fact that at the time 54% of the households were county residents and 46% were city residents. White City Water Company was then under Public Service Commission Jurisdiction for rate setting. Under Utah law there were no protections for the unincorporated residents once a city acquired the water system. Similar situations still exist in other parts of the valley today. In order to remedy the problem we put together two petitions. One was for equal rates for all

users on the same water system and the other was, if that failed, the residents wanted the opportunity to purchase the water system. The Public Service Commission ruled it would continue to maintain Jurisdiction even if the city purchased the company. This caused the contract with the city to be withdrawn. This historical decision by the Public Service Commission is still on the books.

Our community proceeded to create an independent improvement district in order to purchase the water system. The former owners of the company wanted to sell and the only mechanism we had was to establish the district. On October 25, 1994 we held an election to authorize the bonds to purchase the company and to elect a 5 member board of trustees. We purchased the company for 5.7 Million dollars. Today the value much exceeds 30 Million. The old glorified agricultural wells have been rebuilt to best meet the demands of a municipal community. Two master plans for improvements have been completed. Our community along with Sandy residents on the system has created a premier water system. The efforts were always about cost based rates. We can all be proud of the hard work of the citizens of White City Township and our friends in Sandy City.

Many of our original volunteers have passed on. We want to always remember their efforts to preserve this valuable resource for future homeowners in our area. Water in the west is a rare find. Every day we see how communities across this nation struggle with their water supplies. Securing this water supply for our communities has been a gift to our children and grandchildren. After all what is land without water? Thank you for your hard work.

Sincerely,  
Paulina Flint

**There will be Elections for District Board members this November. County Residents will receive ballots in the mail.**

**White City Water Improvement District is one of those districts.**

The legislature several years ago moved district elections to the Municipal Election Cycle. This makes it very difficult for county residents.

**Permanent Vote by Mail**

You can have your ballot mailed to you on an on-going basis. Any registered voter may apply for [Permanent Vote By Mail](#).

Ballots are mailed approximately three weeks prior to each election. *Ballots cannot be forwarded by the post office.*

**Who Is Eligible?**

Anyone who is currently registered to vote in Salt Lake County.

**How Do I Sign Up For The Permanent Vote By Mail Program?**

Download an application by clicking [here](#).  
An application must be completed and returned  
**Or** you may fax your application to the Clerk's office: **(385) 468-7401**

Applications must be received no later than the before the election.

Already signed up for vote by mail and want to your ballot? Just click this link and fill in the information: [Track Your Ballot](#)

**Single Election By Mail Voting**

If you would like to receive a by mail ballot for a specific election, you may download the [Absentee Ballot Application](#) and return it to the Clerk's office no later than the Friday before the election.

**Military and Overseas Voters**

Military or overseas voters may complete the Federal Postcard Application, which can be accessed by visiting the Federal Voting Assistance Program web site at: [www.fvap.gov](http://www.fvap.gov). Applications must be sent by mail or filed in person at the Salt Lake County Clerk's Office. Time is critically important! Please allow plenty of time for mailing, especially if you will be in another state or foreign country. For further details on absentee programs, please call the Salt Lake County Clerk, Elections Division, at (385) 468-8683 or email [votebymail@slco.org](mailto:votebymail@slco.org).

**White Towers Swimming Club article  
Submitted by Cheryl Kroll, Secretary  
Message phone: 801-835-3423 ~ 7/7/2013**

Music fills the air and the sounds of laughter and squeals can be heard almost every day. It's the sound of joy from the only 'public' swimming pool in White City. It's White Towers Swimming Club and it's probably been around longer than most White City and Sandy residents. Amazingly, many residents don't even know it exists. Well, the secret's out; it's no longer a 'club' and once you've experienced the fun and relaxing atmosphere of White Towers Pool you'll be back for more.

White Towers, an outdoor pool facility open from Memorial Day to Labor Day is located on the corner of Carnation Drive (1000 East) and Larkspur Drive (10400 South), is a little-known non-profit community pool in White City. Although it's a private pool (owned by the members and managed by a board), it is open to the public. Children under 14 must be accompanied by an adult. The pool slopes from 3 to 10 feet, has a diving board, and has a separate 2-foot section for small children. The well-stocked snack bar is very enticing so come prepared. The facility can be reserved by the public for private use. Private parties start at \$125 for a 2-hour block. Although the pool hours are subject to change, it opens Monday through Saturday at 12:00 p.m. and the closing hours vary depending on the day of the week. Family Night is on Monday from 8-10 p.m. and Teen Night is on Tuesday from 8-10 p.m. Private and group morning swim lessons are also offered at the pool.

Admission rates are extremely reasonable. Daily passes are only \$3.00 for the entire day! Family passes for up to 8 immediate family members are available for the summer

(prorated after July 1<sup>st</sup> and again on August 1<sup>st</sup>), a month, or even per week. The ultimate deal for the summer is the Membership which includes married children and grandchildren in addition to immediate family members. Many times families have had passes and then subsequently children or grandchildren have grown and obtained memberships or passes of their own. This generational use is a testimony to the quality of fun the pool has provided over the years; these are memories that last a lifetime.

White Towers Pool is self-supporting and exists solely by funds from passes, pool rentals, and donations. Each year endless hours are performed by volunteers and board members on improvements, repairs, daily pool and facility cleaning, snack bar coverage, and the state-required chemical level checks throughout the day. Please support the upcoming monthly fundraisers for the pool scheduled July 15 (Christmas in July) and August 12 (A Karaoke Luau) from 6-10 p.m. The \$5.00 admission is a bargain and includes dinner, swimming, a movie, and games for the kids (raffle tickets are sold separately). A fundraising breakfast is also served in the morning on Labor Day.

We've been having fun since '61 so come out and join us! We're family approved and you won't find a better way to beat the heat.

**URGENT REPORT!!! RE: Fire Contract**

Below is a copy of a letter sent by the White City Township Community Council to the Salt Lake County Council. Sandy City is Leaving VEC(the current 911 System). This could extend response times because not everyone is on the same system in the valley. The other issue is that with most people abandoning their land lines and opting for cell phones it brings another serious concern. Land lines could be directly traced to a physical address of your home in event of a fire. The cell numbers do not have the same capability. this too adds critical time to response times. As technology changes the life support systems have not kept abreast. Please feel free to contact your council members to assist us in resolving this critical issue. June 28, 2013

Chairman Steve DeBry  
Salt Lake County Government Center  
2001 South State Street #N2200  
SLC, Utah 84114-4575

Dear Councilman Debry,

4The White City Township Community Council at its June 5, 2013 meeting made a motion to ask the Salt Lake County Council and the Unified Fire Authority to not renew its fire service contract with Sandy City for the unincorporated territories with in Sandy City.

With the withdrawal of Sandy from VEC it puts our citizens at greater risk by potentially increasing response times. That is not acceptable. By diminishing response times it directly affects ISO Ratings for these

areas. The adverse affects include greater risk for loss of lives and increased insurance premiums. One cannot decrease the level of existing services. Since we are being taxed by the UFA we expect to have equal level of service afforded to all unincorporated communities. We have seen funding of fire stations for Emmigration, Granite, Millcreek Big Cottonwood Canyon etc. The excuse for not providing equal service to our community has been our tax base as a stand- alone community is not sufficient to cover us. We do not see any of the aforementioned communities in a stand-alone position either.

We have GRAMA'ed the UFA for a copy of the existing contract. I have attached it for your review. We have asked for an itemized accounting of the uses of the \$750,000.00 spent on this contract. To date we do not have it. We were told that we would have to ask Sandy City. Since when do we hand over that amount of money with no direct accounting of its uses?

According to the census there are 4620 homes total in White City Township, Granite, Willow Creek, Willow Canyon and Sandy Hills. The price tag per household being paid to Sandy is \$162.00. We need to identify exactly what that first response contract entitles us to.

We also realize that the UFA is an independent entity; however the contract was created by the former county commission and subsequently administered by the county council. We also are beseeching the board members who preside on the UFA board to assist us in maintaining the highest level of service which Salt Lake County unincorporated areas and other Townships, enjoy.

Thank you for all you have done for us in the past. We are in desperate need of your assistance.

Sincerely,  
Paulina Flint  
Vice Chair

## **A Commendation for Wasatch Front Waste and Recycle District.**

On one of our normal Wednesday: "garbage/recycle" days in the month of June, there was some waste that was left on the streets in our neighborhood that fell from the can while the can was being dumped and/or

returned to the street. We noticed the situation and phoned Wasatch Front Waste and Recycle District management with the issue. They were very prompt and courteous. They took the information and stated that the supervisor was currently across town, but they would let him know. In the mean time she gave us the email for the supervisor and said to take pictures of the 'mess' and email them to him. Before we could send any information to him, he was at our house with a broom and a shovel, (not to mention an apology), cleaning up the mess. We would like to say "Thank You" for a job well done, as well as let the community know, if you have an issue, it is as easy as a phone call!

~Cody Cutler

WCTCC 3<sup>rd</sup> District

## **Unincorporated Salt Lake County**

If you live in unincorporated Salt Lake County that means the county is your city government. Your mayor is the [Salt Lake County Mayor](#) and your council is the [Salt Lake County Council](#).

Living in unincorporated Salt Lake County also means that city services, or municipal services, as well as fire and police services are provided by Salt Lake County. (Some cities within Salt Lake County contract with the county for some of these services as well.)

If you live in unincorporated Salt Lake County, you most likely have a Community Council that serves as a volunteer citizen group advising the county on your specific community needs.

\*Learn about [issues](#) specific to unincorporated areas. Also listed are resources to contact for more information

## **Municipal (city) Services Salt Lake County provides:**

[Economic Development](#)

[Public Works](#)

- [Addressing](#)
- [Animal Services](#)

## **Salt Lake County Animal Services**

proudly serving the citizens of Salt Lake City, Herriman,

Holladay, Midvale, Riverton, and the Unincorporated Areas of Salt Lake County.

To look up which Salt Lake Valley agency services animals in your area, check out our [online jurisdiction checker!](#)

Salt Lake County Animal Services is dedicated to providing superior support, education, protection, and advocacy for all animals and members of the community.

- [Engineering and Flood Control](#) (Flood control is a countywide service because waterways exceed city boundaries.)
- Public Works Engineering
- [Homeowner Flood Preparedness Information](#)
- **In the case of flooding**, emergency information will be posted at <http://www.slcoem.org/>
- **Salt Lake County's general preparedness checklist**
- Salt Lake County Flood Control, in coordination with the Unified Police Department and the Unified Fire Authority, has prepared a county-wide map of "hot spots" on each creek, along with potential heavy equipment needs at these locations. Staging locations have also been identified and mapped County-wide for potential incident command and volunteer efforts. These combined maps will be used to plan, organize, and mobilize resources during a flood event.
- The county currently has 5,000 sandbags filled and on pallets, and we will have 10,000 sandbags by the end of April.
- Salt Lake County has 100,000 empty sandbags and is processing more than enough sand to fill all of the bags.
- Salt Lake County has 400 tons of rip rap (large, angular rocks) stockpiled and ready for distribution and deployment.
- Salt Lake County's Flood Control and Operations Divisions have inventoried numerous pieces of heavy equipment, including back hoes, track hoes, and over 60 trucks available for hauling.
- Two stream books are being prepared for our largest snow melt-controlled creeks.
- Stream books are filled with various maps and are provided to equipment operators and other emergency personnel to use in a flood emergency.
- Gages to measure the flow of streams are up and running.
- We are asking that each city send an inventory of resources they have in place to help with flood fighting efforts (such as equipment or stored sand bags) they might provide the county as mutual aid in an emergency. This information should be sent to Salt Lake County Engineering and Flood Control, at (385) 468-6600 or [pw-engineering@slco.org](mailto:pw-engineering@slco.org).
- **Public education and awareness is vital in emergency preparation and prevention**
- During your spring cleanup, do not dispose of yard trimmings and tree branches in the creek. This debris is

difficult to remove from the creek and can clog culverts and cause flooding to neighbors downstream. If you see debris causing problems in the channel that you cannot safely remove, contact Salt Lake County dispatch at (385) 468-6101.

- Debris in the creeks also depletes the oxygen levels in the water, which is detrimental to the aquatic ecosystem.
- A permit is required for anyone doing any work along the channel of the creek, from both Salt Lake County Flood Control (no fee required) and the State of Utah Department of Natural Resources (fee required).
- **Safety tips**
- Monitor local media sources and other service providers from America's Weather Industry, NOAA Weather Radio All Hazards, and/or NOAA's National Weather Service web sites for vital weather information.
- If flooding occurs, move to higher ground, away from areas subject to flooding, such as dips in roads, low spots, canyons, and washes.
- Avoid areas already flooded and do not attempt to cross flowing streams.
- Do not drive around barriers that warn you the road is flooded...Turn Around, Don't Drown.
- Never drive through flooded areas, as the road bed under the flood waters may be washed out.
- Never allow children to play around high water, storm drains, viaducts, or arroyos.
- Do not camp or park your vehicle along streams and washes if there is a threat of flooding.
- Be especially cautious at night when it is harder to recognize flood dangers.
- Additional Information can be found on the Utah Department of Public Safety Website: <http://publicsafety.utah.gov>

#### **Operations (Road repair, snow plowing, street signs/lights, etc.)**

- The Planning and Development Services Division is responsible for long range planning and development within the unincorporated County. These responsibilities are carried out by ensuring that all development complies with adopted Salt Lake County plans, ordinances and building codes. Our services include: Business Licensing, Building Permits and Inspections, Code Enforcement, Development Review, Long Range Planning and the County Cooperative Plan.
- Reports and applications are presented in [Adobe Acrobat](#) Format.

[Sanitation \(Garbage/recycling pickup\)](#)

- **THE WASATCH FRONT WASTE AND RECYCLING DISTRICT HAS BULK TRAILERS AVAILABLE**  
In addition to Green Yard Waste Trailers, Bulk Waste Trailers are now available. See the "Trailer Rental" tab.
- [Questions about the new billing?](#)

As you know by now, Salt Lake County Sanitation became its own independent government organization as of January 1, 2013. We are now the Wasatch Front Waste and Recycling District. Although our name has changed, we still provide the same great service that you have had in the past.

- The Salt Lake County Council and the District Board, which is comprised of representatives from the cities and townships in the District made this change. This improvement brings control of collection services closer to our customers, allowing the cities and townships we serve to have ultimate authority.
- Our team has been involved with taking care of your collection services for over 30 years, and we look forward to serving you for years to come.

**Solid Waste (Landfill)**

- Salt Lake Valley Landfill
- **ADDRESS**
- Salt Lake Valley Landfill  
6030 West California Avenue (1300 South)  
Salt Lake City, UT 84104  
(801) 974-6920
- **HOURS: 7:00 am to 5:00 pm, Monday--Saturday**
- Closed on Sundays, Thanksgiving, Christmas and New Year's Day
- [Email](#)
- **Mission Statement**
- To provide environmental stewardship, financial integrity, safety, recycling education, and quality service to benefit the environment, residents, business, and employees of Salt Lake County.
- We operate on the financial principle of an enterprise fund, and are supported by gate fees, rather than by tax funds.
